Scenario

In this lab, you will configure a new HR Document Template that can be sent to employees who have relocated to a new country. There are two types of Templates used for HR Cases: Document Templates and PDF Templates.

In this lab, you will create a Document Template. Document Templates are created directly in the HR Administration > Document Templates module and template fields are selected using the Select variables option on the form.

A. Create a New HR Document Template

Before Document Templates may be used in a Case, they must be defined in the HR Administration > Document Templates module.

1. You should be impersonating **HR Admin**. If not, log in as the System Administrator [admin] using the credentials provided to you, then impersonate **HR Admin**.
2. **HR Administration > HR Document Templates**.
3. Select the **Employee Verification Letter in USA** document.

13. In the **Header image** field, select the **Click to add...** button.

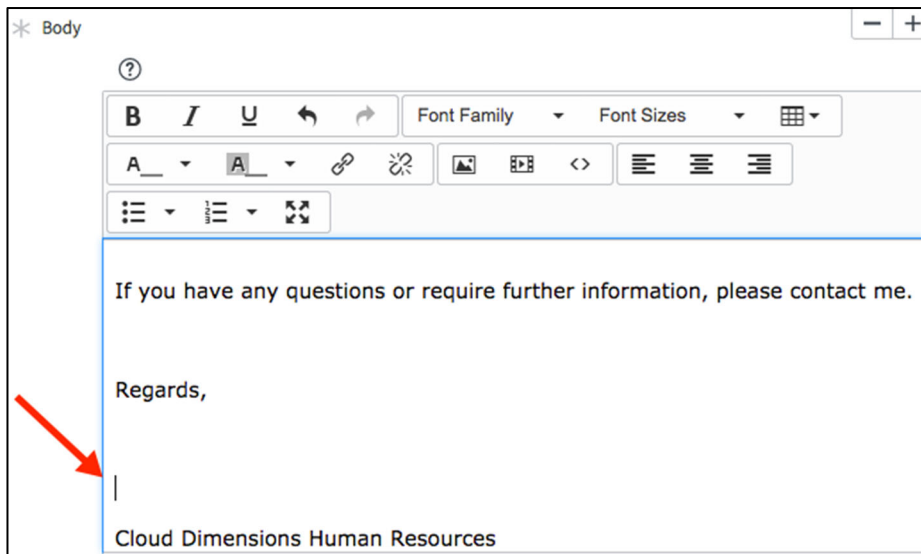

14. Click **Choose File**, then select the **03.02b Cloud Dimensions Logo.jpg** logo you downloaded earlier.

15. Click **OK** to save the image.

16. In the **Header image position** field, select **Right**.

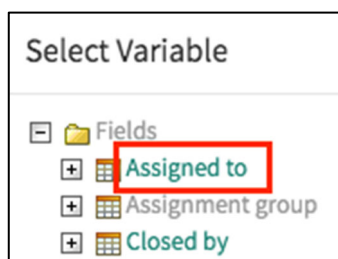

Review the Body text. Observe that this template does not have the signature field defined. Next, you will add a signature field.

17. Scroll down in the body field until you see the “Cloud Dimensions Human Resources” signature line at the bottom. **Click in the line above it** to position your cursor there:

18. Click the **Insert Signature** button in the form header.

19. Select **Assigned to**, then click the X to close the popup:

Knowledge Check: This tells the system to insert the Case Assignee’s name into the signature field on this document.

20. Observe that `${assigned_to.signature}` has been added to the Body text:

Regards,
<code>\${assigned_to.signature}</code>
Cloud Dimensions Human Resources

21. **Update.**

Lab Verification

1. **HR Case Management > Create New Case.**
2. Complete the form as follows:
 - a) Search for Employee: **Abel Tuter**
 - b) HR service: **Employment Verification Letter**
3. **Create Case.**
4. When the Case form opens, continue completing the form as follows:

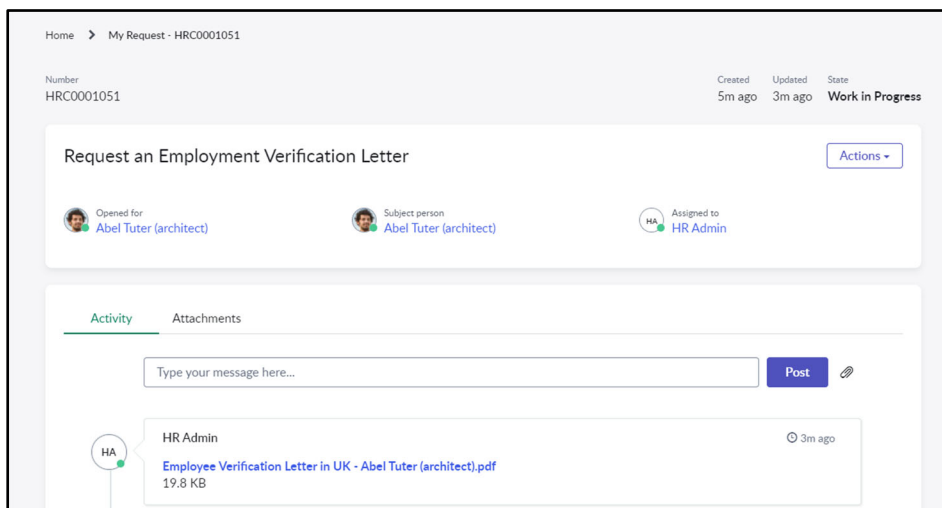

PDF Template: **Employee Verification Letter in UK**
5. Click the **Ready for Work** button to move the Case to the Ready state and to assign it to a member of the HR Tier 1 group.

Next, you will reassign the Case to yourself so that you will be allowed to generate the document.

6. **Remove** the assignee from the **Assigned to** field by selecting the assignee's name and clicking **delete** or **backspace**.
7. In the **Assignment group** field, select **HR**.
8. In the **Assigned to** field, select **HR Admin**.
9. **Save.**
10. Click the **Start Work** button to move the Case into the Work in Progress State.

Knowledge Check: Now that you are the assignee and the Case is in the Work in Progress State, additional buttons are displayed in the form header.

11. Click **Sign Document**.
12. In the Edit document popup, click **Sign**.
13. Type or draw your signature using your mouse or key pad, then click **Accept**.
14. The completed letter is added to the Case as an attachment.
15. Write down the Case number for later use: HRC _____.
16. Impersonate **Abel Tuter**.
17. **Self-Service > Employee Center**.
18. Click the **My Requests** link in the banner to view a list of Abel's HR Cases.
19. Select the **Request an Employment Verification Letter** Case you created for Abel.
20. Select the Attachments link, then click the **Employee Verification Letter in UK – Abel Tuter.pdf** attachment to view it:

Knowledge Check: Note that the mapped fields, like Abel's name and employment type, have been overwritten with information from his HR Profile.

21. **Close** the attachment and close the browser tab with the Employee Center.
22. **Logout**.
23. Impersonate **HR Admin**.

OPTIONAL CHALLENGE

On the **Employee Verification Letter in UK** Document Template, add an additional field using the **Select variables** option. For example, add Abel Tuter's Department.

Note: *The Department field is one of the base items in the Fields list.*

1. **HR Administration > HR Document Templates** and open the **Employee Verification Letter in UK** document template.
2. In the **Body**, select where you want the field to appear.
3. Use the **Select variables** dropdown on the right to select the field you want to add.
4. **Update.**
5. Follow the steps above to create a new Case for Abel Tuter and verify your changes render correctly on the document. If they do not, repeat these steps and try again.

Congratulations!!

By completing this lab, you have created HR Document Templates that may be used to create personalized documents for employees. You have also generated documents from an HR Case.
